best case scenario

for iPhone 3G

Hard shell. Soft center. Sweet looks.

Never before has the flexibility and protection of a soft rubberized case been combined with the durability and scratch protection of a sleek hard shell in a seamless single-piece design... until now.

Fresh from Speck's secret labs, the greatest innovation in the history of cases... CandyShell for iPhone 3G has arrived. CandyShell's soft, colorful rubberized interior keeps your iPhone 3G insulated from life's bumps and knocks, while the shiny outer hard shell protects it from scratches and lets you slip it in and out of pockets easily.
